GENERAL INFORMATION

All teams are invited to a pot luck dinner Friday night around 7:30pm (right after the Team Meeting). Continental breakfast with coffee will be provided Saturday morning.

Ice will be available as needed; our staff will be making runs in the morning and additional bags will be available.

All equipment, trailers and RV's must fit into your competition space.

Electricity for light general use only (such as lighting) is provided at no cost. Please bring 100' of extension cord (the heavier the gage the better) and outdoor rated splitters for your electrical hookup. Hookup of refrigerators, deep fryers, and AC units is not allowed. If you have higher electrical requirements than general lighting you must bring your own quiet generator. Water is available for free (you must provide hoses and "y" connectors). Water pressure might be low at times due to existing infrastructure.

KCBS representatives will inspect each site. A three bin sanitation station, wash, rinse, and disinfect (one cap of bleach per gallon of water) will be checked at meat inspection. Proper storage of meat is required. It must be maintained below 40°F or above 140°F. Proper handling of food is required. A thermometer and fire extinguisher (inspected or purchased in the last year, tape receipt to the extinguisher) are required on site.

TEAMS WHO ARE NOT VENDING:

Distribution of food samples to the general public at any time is forbidden due to health department codes. Discreetly giving food samples to friends and family within your competition space is allowed. Vending and sampling is possible. Communicate to us if you want this opportunity (we encourage this). The public has said they come to this festival to interact with the teams and have the opportunity to taste the teams cooking. We are providing this opportunity to the teams and the public. Please discuss this with us and we can make it happen if you let us know in time. THANKS!!

TEAMS WHO ARE VENDING: As a condition to vend you **MUST** provide a meal for the public to receive in exchange for their ticket. In order to take tickets from the public (that will be redeemed to the teams at \$10/ticket at the end of the day), you must provide a meal (meat and two sides). You will be competing with other teams to get the tickets. Selling other items by themselves is allowed **BUT**, to get the \$10. You must provide a meal if you take a ticket. We do not want our public complaining that they did not get a meal. We will be coordinating with a local meat supplier in case you need to replenish. Please submit a menu that you will be serving for the meals so we can tell our meat suppliers what meats to have on hand.

Load times are Friday any time **BETWEEN 8AM AND 5:30PM**. Overnight security will be provided so teams can set up Friday and come back on Saturday. Power and water will be available Friday.

All vehicles that do not fit in your space must be removed from the competition area and parked in the lots across the street. Please obey areas that are taped off, these are unsuitable for traffic. We must keep travel lanes open in case of medical or fire emergency. Refusal to move vehicles are grounds for disqualification and towing. Smokers, trailers and RV's that fit in your space or have been pre-approved can stay in the competition area.
